### REVOLUTION IN HAYTI.

Many Prominent Citizens Reported to Have Been Arrested.

(Associated Press.)

Kingston, Jamaica, Sept. 28.—The German steamer Alene, from New York, September 21st, for Jérémie, Hayti, Kingston, and other ports, arrived here today and brought reports of the outbreak of a revolution in Hayti. Yesterday a large number of prominent men in Jérémie were arrested on the charge of conspiracy, and immediately removed to Port au Prince and imprisoned. The situation in the interior of Hayti is reported to be serious owing to the opposition to President Sam continuing in office.

### SHAH'S ASSISTANT DEAD.

(Associated Press.)

Paris, Sept. 28.—François Salson, the Anarchist who attempted to shoot the Shah of Persia on August 2nd, 1900, while His Majesty was visiting the Paris exposition, died recently at Cayenne, French Guiana, the penal French settlement on the east coast of South Africa.

**HON. WM. MULOCK WILL NOT RETIRE**

**REMAINS IN CHARGE OF HIS DEPARTMENT**

Report That Hon. James Sullivan Had to Succeed Him as Postmaster-General Contradicted.

(Special to the Times.)

Ottawa, Sept. 28.—The report published in a morning paper that Hon. W. Mulock is retiring from the post office department and that Hon. J. Sutherland is going to take his place is contradicted in official quarters. Mr. Mulock is improving in health, and was busy in his department today.

Hon. Wm. Mulock told your correspondent to give a flat contradiction to the story about his retirement from the cabinet. He said no one could be in better health than he was at present, the only trouble was the remains of rheumatism which he contracted while on his way to Australia. He also said that it was his intention to appoint Wm. Smith, of the department, to be secretary of the department in place of W. L. Leasure, who is to be superannuated at the end of six months.

Major Saunders, N. W. M. P., of Halifax; Capt. MacDonald, Lieut. Morrison, Ottawa, and Lieut. Mason, Toronto, have received distinguished service orders.

Vancouver is made a port of entry for raw leaf tobacco. C. H. Mackintosh, who is now here, intends purchasing a residence, and will bring his family next winter to reside permanently in Ottawa.

Orders Placed With American Locomotive Company, of Schenectady, New York.

(Associated Press.)

Schenectady, N. Y., Sept. 28.—After undergoing severe tests with English built locomotives, the American Locomotive Company has been given an order for fourteen engines by the Cape government railway of South Africa. The locomotives will be built on strictly American lines.

**ENTERTAINED AT BANQUET.**

(Associated Press.)

Vancouver, Sept. 28.—J. B. Charleson, superintendent of the construction of the government through telegraph line to Dawson, was banquetted by citizens of Vancouver last night. G. R. Maxwell, M. P., presided, and among the guests present were J. Fletcher, circuit manager C. P. R. telegraphs, western division, who has been associated with telegraphy in British Columbia ever since the C. P. R. connected the Pacific Coast with the outer world by rail and telegraph lines; H. Cowan, editor of the Atlin Claim, the first paper in the northern gold fields; Major Wood, of the N. W. M. P.; Dawson; W. McCaffrey, manager of the government assay office, Vancouver, and many other prominent gentlemen.

## COLUMBIA WINNER OF TO-DAY'S RACE

**LED AT FINISH BY THIRTY-SEVEN SECONDS**

First Race of Series for America Cup an Exciting One From Time the Yachts Started.

(Associated Press.)

New York, Sept. 28.—A thick fog and no wind gave a most discouraging outlook at dawn for good racing conditions. At sunrise there were no indications whatever of a sailing breeze, and the fog born at Sandy Hook moaned, dolefully. But the sun had not been above the horizon many minutes before the fog began to melt. By 7 o'clock it had lifted entirely, while out of the northeast came a puff of wind that by 8 o'clock had increased to 12 knots. As the morning wore on the sky became slightly overcast, but below the atmosphere was clear, giving a splendid view of the course.

The fog had hardly burned away at sunrise before the crews of the rival yachts were at work. Capt. Barr was early aboard Columbia, and he was among those who cheerfully predicted a good sailing breeze. "Those things up there," he said pointing to the fleecy clouds in the northeast, "hold the wind and you notice there are lots of it today."

Just before 8 o'clock a fleet of half a hundred schooners and sailboats that had been for hauled, made sail and put to sea at a spanking gait, and the way they rode showed the sea was smoother than on Thursday.

The crew of Shamrock contented themselves before breakfast with wiping off the deck and rails, but on Columbia they were active indeed, and by 7 o'clock had put up and down the mainmast and the foremast. Then they took the cover off the main sail and opened that up to get the dampness out of it. It was evident that Mr. Morgan and Capt. Barr were going to be ready for an early start.

Shamrock's sailors in the main while finished breakfasting aboard the Porto Rico. Afterward they went aboard Shamrock and busied themselves with the work of preparation. Shamrock had a pretty silk flag at her masthead today, the gift of the aged mother of Designer Watson, and Sir Thomas Lipton ordered it put in a place of honor. By 8:20 o'clock both crews seemed satisfied with their work, and lolled about the decks of their respective vessels awaiting the order to move.

Just before 9 o'clock the tug Flint arrived, and five minutes later the Lawrenson were alongside Shamrock. Mr. Jameson, Mr. Watson and F. Butler Duncan then went on board Shamrock.

Columbia was first taken in tow, Shamrock following close behind her. On board Columbia were E. D. Morgan, H. C. McGilgowney and Herbert Leeds. Sir Thomas Lipton did not go aboard Shamrock today, but stayed on board the Erin until his guests arrived, and did not leave for the starting point until 10 o'clock. It was still later than that when the excursion fleet passed the Hook. It was equally as varied and picturesque as on Thursday, and in number of boats somewhat larger.

**THE RACE BY BULLETIN.**

New York, Sept. 28.—3:10 a.m.—Sandy Hook reports the wind blowing between eight and nine knots. At Long Branch and Asbury Park it is blowing lighter, but gradually increasing in strength.

10:42.—Both yachts are near the starting line. The wind is about eleven knots.

10:49.—Shamrock is reaching for the line on the starboard tack. Columbia holds next to the judges' boat.

10:53.—The yachts are having a fight for position, and it looks as if Columbia had the best of it a little to the windward.

The Start.

11:03.—The yachts went over the line on starboard tack with the Columbia a trifle ahead, seemingly in the same position they occupied on the other trial.

11:07.—In the first five minutes of sailing it looks as if Columbia was outfooting Shamrock.

11:15.—Shamrock leads by 150 yards. The official time of the start was: Shamrock, 11:09:14; Columbia, 11:09:16.

11:17.—Shamrock is still ahead, and seems to be doing great windward work.

11:23.—Columbia has just put about on the port tack and is leading. Shamrock is coming down on the starboard tack.

Shamrock Leads.

11:27.—Shamrock is now ahead, and on the starboard tack. Columbia, being on the port tack, was forced about by Shamrock.

12:02 p.m.—Both boats are now on the port tack and Columbia has worked slightly to windward, still a little astern.

12:03.—Both boats have sailed about nine miles of the course. Both are on

the port tack, and Shamrock appears to have worked out from under Columbia's lee.

Still Leading.

12:39.—Shamrock is ahead, and forces Columbia about. Both are now on the starboard tack, and Shamrock is to the windward.

12:46.—Both boats have gone on starboard tack, and the mark is now in sight.

1.—Both boats on the port tack very close together. Columbia has the wind, but is behind.

1:10.—The wind is increasing, and Shamrock is gaining slightly.

1:19.—The turn will be very close. Turned the Mark.

1:26.—The official time of yachts turning the outer mark was: Shamrock, 1:25:12; Columbia, 1:25:53.

1:28.—The yachts are coming home before the wind with boom to port and spinners to starboard, Shamrock leading.

1:30.—The yachts have covered about five miles of the running, and Shamrock seems to have maintained her relative distance ahead.

Columbia Takes Lead.

2:14.—Columbia is now ahead.

2:31.—Columbia is only two lengths ahead, but is still gaining.

Still Gaining.

2:40.—The lightship is now in sight, eight miles away. Columbia is still gaining slightly.

3:10.—The wind has fallen away to 7 knots. Shamrock has been gaining and has almost overhauled Columbia. They are two miles from the finish. It is anybody's race.

3:15.—Columbia maintains a positive lead, and should now win the race.

3:25.—Columbia leads by two lengths.

3:28.—Shamrock is gaining and Columbia is only a length ahead. Nearing the finish line.

The Finish.

New York, Sept. 28.—Columbia crossed the line first. The official time: Columbia, 3:31:07.

Shamrock, 3:31:44.

Expert's Opinion.

London, Sept. 28.—In regard to today's and future races for the America Cup, the general opinion here of those most capable of judging is best expressed by the London Times yachting correspondent, who is regarded as an authority all over Great Britain, and who cables to his paper to-day as follows: "It seems very doubtful whether Shamrock II. is likely to meet with any meteorological conditions off Sandy Hook which may enable her to beat Columbia."

**CONCENTRATING IN THE PERSIAN GULF**

Three British Warships Already There and Reinforcements on the Way—Trouble Brewing at Koweyt.

(Associated Press.)

Bombay, Sept. 28.—A British naval force is concentrating in the Persian Gulf. Three warships are already on the spot, and they will be augmented by the gunboat Assaye, which has already left Kurrachee, and the flagship, the second class cruiser Hightower. The third class cruiser Pomone will also sail for the Persian Gulf as soon as she is loaded. It is believed that fresh trouble is impending at Koweyt.

According to a report Turkey has 50,000 troops at Basra, commanded by Edom Pasha, with the object of seizing Koweyt, though the Turks assert that the troops are intended to traverse Arabia with the object of suppressing defection in Yemen.

**EFFECT OF WAVES**

Are Gradually Wearing Away South Shore of Hanlan's Island.

(Associated Press.)

Toronto, Sept. 28.—The city engineer's department has taken the annual measurements of Hanlan's Island from the historic period, and the result of the wearing away effect of the waves is almost alarming. During the last six years the waters have encroached 150 feet on the south shore of the island, they have receded on the west side of the island, and at one place the shore has extended over 200 feet.

**SPANISH NAVY.**

If Funds for Defences Are Refused, Admiral Valerol Proposes to Abolish It.

(Associated Press.)

Madrid, Sept. 28.—Admiral Valerol has prepared a report for presentation to the Queen Regent asking for the necessary funds for naval defences, and proposing, in the event of their being refused, that the Spanish navy be abolished.

**THE GUN WAS LOADED.**

(Associated Press.)

Brockville, Ont., Sept. 28.—Two young children of W. Bollen, Portland, were playing with the gun, which they did not know was loaded, was discharged, the bullet passing through both lips of the youngest child.

**OATS FOR AFRICA.**

(Associated Press.)

Toronto, Sept. 28.—It is understood that during the present week five hundred thousand bushels of Canadian oats have been purchased for shipment to South Africa.

## INDIANS DANCED FOR ROYAL PARTY

**DUKE AND DUCHESS ARRIVE AT CALGARY**

Presentation of Medals to South African Heroes and Review of the Mounted Police.

(Associated Press.)

Calgary, N. W. T., Sept. 28.—The special trains of the Duke and Duchess of Cornwall and York arrived at 9:30 this morning. There was a large crowd at the depot and the Royal couple were enthusiastically received.

The formal welcome was extended by Mayor Mackie. The Duke distributed medals to the men who served in South Africa, and also inspected and reviewed the Mounted Police at Victoria Park.

Later in the day a very interesting exhibition of Indian dances and customs were given for the benefit of the Royal party, and they were also shown some rough riding.

The party leave for Banff this afternoon.

## A LIEUTENANT SHOT BY THREE BOERS

**COLD BLOODED MURDER UNDER WHITE FLAG**

A Force of Burghers Attacked Forts on Zululand Border But Were Repulsed With Heavy Loss.

(Associated Press.)

London, Sept. 28.—Under the date of yesterday Lord Kitchener reports that a Boer force, stated to be under the command of Gen. Botha, attacked forts Itali and Prospect on the Zululand border, but were repulsed with heavy loss. All is quiet on the Natal border.

Lieut. Miers, accompanied by some South African Constabulary, went out on September 25th to meet three Boers who were coming in with a white flag. After a short conversation the Boers shot and killed Miers and galloped away. The scene of the affair is placed near Rivers Draai.

Has Not Resigned.

London, Sept. 28.—The Exchange Telegraph Company says it has the highest official authority for declaring that there is no truth in the report that Lord Kitchener has resigned.

Advocate Stern Measures.

New York, Sept. 28.—The Tribune's London correspondent says pressure is being brought on the government to exercise greater rigor in suppressing rebellion in Cape Colony. Captured rebels should, it is argued, be shot and oath breakers sent to prison until the country has settled down.

**REPORT DENIED.**

(Associated Press.)

Antwerp, Sept. 28.—There is no truth in the report published in the United States by a news agency yesterday that two Anarchists from Paterson, N. J., have been arrested here.

**VICTORIA EXHIBITION**

Will Be Opened on Tuesday Afternoon by the Duke of Cornwall.

Victoria's exhibition will be formally and officially opened on Tuesday afternoon at 4 o'clock. The fair will be declared open by His Royal Highness the Duke of Cornwall and York. Two bands will be present at the opening ceremonies, and acrobatic sports will be provided, and by evening everything will be in full swing.

Just prior to the opening there will be a parade of live stock, and from that time on until the exhibition closes there will not be a dull moment. Every day will, of course, have its distinctive features, not the least interesting will be the sale of pure bred stock, which will begin on Thursday.

**COURTESY SHOW.**

(Special Correspondence of the Times.)

The farmers had a splendid day for their show on Thursday. The entries were numerous, and in most classes the degree of excellence of former years was kept up. The extreme drought of the summer months to some extent affected the roots, and the cattle were not in quite as high condition as usual. The horses were above the average. The band, which generally attends from the warship, was much misel.

Football matches and other sports enlivened the proceedings, but the great event of the day was the race between George Roe's Bess and John Bess's Bess, in which the latter was beaten by about six lengths.

### WHAT OF THE FUTURE?

The Colonist would like to read what  
the Times has to say about the prospects  
of Victoria. Our contemporary says it  
is so long since we have printed anything  
on the subject that the impressions made  
have faded from its memory. We do  
not mind saying that we believe Victoria  
is all right now; that there is no com-  
munity in the world in a happier position  
as regards the material essentials  
to earthly comfort; while as to the fu-  
ture we believe few of us have any con-  
ception of the position, the capital of  
British Columbia is destined to attain  
even before the present generation has  
made way for its successors. The fact  
that the Times is in existence to-day is  
sufficient proof that its faith in the fu-  
ture of its home has never wavered. If  
all who have their homes here were as  
loyal to the city as the two newspapers  
we sincerely believe it would occupy  
a more advanced position in the world  
to-day.

There is now no doubt about the  
wealth of the country by which we are  
surrounded, but there is a doubt about  
Victoria deriving all the advantages from  
the exploitation of that wealth which  
might naturally be expected. Those who  
have it in their power by reason of com-  
manding position to gather to Victoria  
the legitimate profits which should result  
from the development of the wealth of  
land and sea which surrounds her, in too  
many instances seem intent upon divert-  
ing our trade to and building up other  
places. We occupy a very central posi-  
tion with relation to the mining indus-  
tries of the Island and the Coast, yet we  
never hear any suggestion of the erec-  
tion of smelters here. The people as a  
whole are very loyal to the city, but  
from the greatest to the least we do not  
labor in season and out of season to ad-  
vance her interests as the citizens of  
Vancouver do.

The influences which are against us  
may retard temporarily the growth of  
Victoria, but eventually we will come  
into our inheritance. We are not only  
surrounded by the richest portion of one  
of the wealthiest countries in the world,  
but we occupy the gateway to the great  
ocean on whose bosom a commerce  
greater than that now carried on the  
Atlantic will float. There is no question  
as to the future of Victoria, but her  
time will not come one year sooner  
by reason of the appeals and promises  
of schemers after political position. Let  
some of them give evidence of the bona  
fides of their intentions by doing some-  
thing on our behalf instead of remaining  
with the forces of those who seem by  
some curious process of reasoning to have  
arrived at the conclusion that the pros-  
perity of Victoria is contrary to their  
best interests.

### INCREASED KNOWLEDGE.

The ignorance of the average home-  
grown Briton of all things pertaining to  
the outermost parts of the Empire is  
proverbial. It is a just reproach against  
the public schools of Great Britain that  
they "teach more about ancient Greece  
than modern Britain." The tour of the  
Duke and Duchess of York should do  
much to enlighten the millions at home

in regard to Australia and Canada es-  
pecially. A corps of efficient correspon-  
dents accompanies the Royal party, and  
in these days when the newspaper is in  
every man's hand their descriptions of  
the countries they have traversed should  
do much to remove popular misconcep-  
tions as to the "Greater Britain beyond  
the seas." Lords Strathcona and Mount-  
stephen have interested themselves in  
this matter also. They have gone to the  
root of the matter and presented medals  
to scholars in the public schools showing  
the greatest proficiency in subjects per-  
taining to Canada in particular. The  
government of this country has profited  
by the hint thus given, and has decided  
to supplement the efforts of these two  
loyal Canadians. A British exchange  
points out that no fewer than 1,500  
schools have already taken part in these  
competitions, and that the number is  
increasing. One medal will be awarded  
to every school in which the matter is  
taken up, and the conditions are complied  
with. Schools to which medals have al-  
ready been given will be eligible for the  
further competition, but a second medal  
will not be given to any pupil. It is  
hoped, however, that a number of  
schools which have not participated in  
previous competitions will take advan-  
tage of the present offer. Readers and  
atlases have been specially prepared for  
distribution.

### LOOKING TO FEDERATION.

The congestion of business in the Brit-  
ish House of Commons and the increas-  
ing legislative burden which is being  
thrown upon it as the interests of the  
Empire continue to expand, have set  
some of the great thinkers of the country  
speculating as to the ultimate outcome.

It is clear that the Imperial Parliament  
cannot go on forever doing the municipal,  
provincial and Imperial business of a  
great nation. It is now at the mercy of  
obstructionists, notwithstanding the en-  
larged powers that are being taken into  
the hands of the government in the mat-  
ter of curtailing debate. The remedy  
would seem to lie in granting local self-  
government to the various natural divi-  
sions after the manner of the United  
States, Canada and the Australian Com-  
monwealth. The one great obstacle in  
the way of such a consummation is Ire-  
land. The sweeping condemnation of the  
Gladstone Home Rule bill has made  
statesmen chary of touching the subject  
at all. The Tories of the older genera-  
tion will have nothing to do with it; it  
must remain for the progressive element  
of one of the greater parties to approach  
the matter in a broad spirit and evolve  
a comprehensive scheme for the relief  
of what should be the central legislative  
chamber of a great Imperial concern.

There was no reason why Scotland,  
Wales and England should not have been  
treated to the same measure, of reform  
as was granted to Ireland by the Glad-  
stone bill, except that the country was  
not ready for it. The scheme was pre-  
maturely developed. If a reform were  
contemplated to-day in the interests of  
the kingdom as a whole and the situation  
were properly presented to the electorate  
it seems extremely unlikely that it would  
be confronted by an adverse public opin-  
ion. Hon. T. A. Brasse, in dealing with  
the question in the Nineteenth Century,  
illuminates the present situation as fol-  
lows:

"The House of Commons is the respon-  
sible guardian of the interests of the  
greatest Empire the world has ever seen.  
It has to deal with questions affecting  
the United Kingdom as a whole; and it  
also legislates for the special interests  
of the several countries of the United  
Kingdom. The diversity of business is  
extraordinary, the quantity enormous;  
and it is not to be wondered at that the  
House of Commons is overworked. The  
task now imposed on it. In no other  
country of the civilized world is such a  
task attempted. The conclusion is in-  
evitable, that parliamentary government  
is breaking down because the needs of  
the Empire of the United Kingdom as  
a whole, and of its several parts, have  
outgrown the existing means for dealing  
with them. The remedy lies in the  
recognition of the distinction between the  
different classes of business which we  
either attempt to deal with, often very  
ineffectually, or do not attempt to deal  
with at all, in the House of Commons,  
and of the necessity of allocating what  
may here be roughly described legislative  
assemblies. To take another point of  
view: the waste of time and power under  
our present system, which compels ques-  
tions of special regard to one part of the  
Empire, or of the whole, to be dealt with  
in the overworked Imperial Parliam-  
ent. Much of the legislation passed by  
the House of Commons is of special appli-  
cation to England, Scotland, or Ireland.  
We have a recent conspicuous instance  
in the passing of one Local Government  
Act for England and Wales, another in a  
different year for Scotland, and another  
in a different year again for Ireland. The proportion  
of statutes which have a special appli-  
cation to one country of the United  
Kingdom or the other is probably tend-  
ing to increase. Excluding from con-  
sideration all statutes which apply to In-  
dia and the colonies, but including  
amongst the special statutes those gen-  
eral statutes which have clauses of spe-  
cial application, the proportion of gen-  
eral statutes may be taken roughly as  
follows: In 1837-40 at two to one; in  
1861-70 at six to five; in 1891-1900 at  
four to five. A more careful examination  
of the statutes themselves might some-  
what alter these figures, but at any rate,  
the great and increasing waste of time  
under a system which allows each coun-  
try of the United Kingdom to meddle in  
the private affairs of the others is ap-  
parent."

The writer also points out that it is  
perfectly apparent the comparatively in-  
significant, or regards area, islands in  
the north cannot permanently bear alone  
the burdens of defence of an Empire  
such as that of Britain will be within  
the life of the present generation. But  
there can be no taxation without repre-

sentation, and the problem of representa-  
tion is the one which it takes a statesman  
of genius, or possibly of boldness and  
fearlessness, to solve. The division of  
the Kingdom for local government pur-  
poses might pave the way for a grand  
consummation. The colonies have an in-  
ward feeling that they are not doing their  
whole duty, but there is no statesman in  
Britain at present prepared to take the  
responsibility of clearing the way for their  
advance. If there is to be a compre-  
hensive scheme of Imperial defence,  
as well as a great national alliance with  
the power necessary to evolve a policy  
calculated to benefit and advance the  
interests of the Empire as a whole, the  
"nations beyond the sea" must have a  
voice in that central body in proportion  
to their contributions.

A writer in the London Empire tells  
the following story: "I was highly am-  
used to hear a gifted Teuton giving a  
phlegmatic British broker some valu-  
able linguistic tips: 'Der fault I haf to  
find mit der Englisch is,' said he, 'dot  
it has not dot perspektooty dot der Teher-  
man has. Now, for example, in der  
Englisch you say 'science.' Dot conveys  
no idea. In Teherman we haf der  
melodious unt comprehensiv. It is der  
same mit your papers. You haf a 'Real  
Estate Teherman.' Der is three words.  
In Teherman we say 'Grundgegens-  
tand' in one. It is more flexible. In  
your thesaurus you haf a paper called der  
'Entzette.' We call such a paper  
'Theaterzischenaktzeitung.' It is more  
beautiful. Englisch is a weak lang-  
witch; unt posides, Teherman speak it  
unt write it better as der Englisch."

In the distribution of honors, in con-  
nection with the Duke of Cornwall's  
visit, Judge Boyd and Lieut. Governor  
Jettie will take rank with Sir Louis  
Davies, Sir John Carling, Sir Mac-  
kenzie Bowell, Sir Hilbert Tupper and  
Sir Hector Langevin as Knights Com-  
mander of the Most Distinguished Order  
of St. Michael and St. George. Sir Wil-  
frid Laurier and Sir Richard Cartwright  
are a peg higher up, being Knights  
Grand Cross, G. C. M. C. Mr. Joseph  
Pope, Principals Peterson, Grant and  
Mathieu, Mayor Howland and Major  
Maude go into the class with Sir John  
Bourinot. Dr. G. M. Dawson and T.  
C. Keefer are Companions C. M. G.,  
while Mr. Shaughnessy ranks with Sir  
W. R. Meredith, Sir James Lemuire, Sir  
A. Lacoste and Sir Hugh G. Reid as a  
Knight Bachelor.

The fiery cross is on its rounds and the  
heather will soon be in a blaze. The title  
of the King, Edward VII., left a nasty  
taste in the mouth of the sturdy Scot,  
but here in Victoria we are told that all  
civilized nations are represented by  
beauty at the "Kilmorie," and yet no one  
has opened a booth "for pair and Scot-  
land's sake." The management have  
made a serious mistake. Scots are said  
to hate the world at driving a bargain.  
The public will not be thoroughly deceived  
unless a Scottish booth be opened forth-  
with.

It seems a lumberman at Ottawa set  
society at defiance and put it into its  
daring to appear before the Duke with-  
out the conventional swallow tail. How  
he got through the guards we do not  
know. He is a stalwart man by the  
name of Mackie. Perhaps he overawed  
the perfumed, polished and decorated  
crowd and won his way in by sheer  
strenuousness. His presence appeared to  
be much appreciated by the Royal couple  
too.

It was the greatest race ever sailed and  
upheld the contention of the Times that  
the first trial was no true test of the  
merits of the boats. The cup may be  
lifted yet.

America papers who crowed so loudly  
after the first day's attempt to bring a  
race off will perhaps calm down a little  
now.

Columbia wins the first race. Never-  
theless she was beaten, and in her own  
weather.

**WON'T WE?**  
Our "Devil."  
In the sea of matrimony.  
As in other seas, I've found  
That the bold and reckless fellow  
Is the one who's always drowned.

It's the reckless word that suffers  
When the early bird's around;  
It's the bold and reckless fellow  
Always gets into the pound.  
Soon we'll let the reckless fellows  
Swim the love-lashed waters over;  
While they battle with the billows,  
You and I will hug the shore.

**TEN YEARS' PROGRESS.**  
Engineering.  
The net result in respect of speed is that  
while ten years ago the highest sustained  
ocean speed was 20.7 knots, it is now 23.51  
knots; the highest speed for large war-  
ships was 22 knots, and is now 23 knots  
on a trial of double the duration of those of  
ten years ago, the maximum speed attained  
by any craft was 25 knots, as compared  
with 26.581 knots now; while the number  
of ships of over 20 knots was eight in 1891,  
and is fifty-eight now.

**A CONUNDRUM.**  
Nelson Tribune.  
Kootenay has six members of the legis-  
lative assembly. Although the assembly  
is not in session, four of the six members  
from Kootenay are down in Victoria try-  
ing to keep the country from going to the  
devil. The other two, E. C. Smith, of  
Fort Steele, and John Houston, of Nelson,  
are at their respective homes trying to  
make an honest living. Which are doing  
the best service for British Columbia, the  
four in Victoria or the two in Kootenay?

## PROPERTIES

### McKitterick District, Kern County

100 acres in the famous oil belt, pro-  
duced by experts Al oil lands. Drilling  
on adjoining property.  
Also 40 acres nearly adjoining the above,  
on which we are now operating, our well  
No. 1 being down over 900 feet, with in-  
dications almost identical with those of  
the heaviest producing wells of the dis-  
trict.

### Midway District, Kern County

100 acres in the vicinity of the best pro-  
ducing oil properties.

### Coalinga District, Fresno County

100 acres near the most celebrated pro-  
ducing wells of the district, of undoubted  
high value.

### Glenn District, Glen County

We have just purchased 100 acres in the  
heart of this new district. This property has  
oil seepages on the surface and promises to become immen-  
sely valuable.

### Berryessa District, Napa County

We are now negotiating for 2,000 acres in  
this new district, which we will undoubtedly  
secure. The oil produced here is of  
exceedingly high grade and contains a  
large percentage of lubricating oils, which  
command a high price in the market.

Being incorporated under the laws of  
South Dakota, this Company's stock is  
positively non-assessable, and stockholders

Hon. Justice Burbridge completed the hearing of the case of the King vs. Mrs. Gordon and Roland Stuart this morning in the Exchequer court. Judgment was reserved. He is now engaged on the consideration of the case of the King vs. Sedger.

From private advices received in this city it has been learned that pheasants are particularly plentiful at Duncan, Sonoma and Westholme. As the season for these birds opens October 1st, no doubt a number of local sportsmen will pay a visit to these points.

The Congregational church has been prettily decorated for the special harvest Thanksgiving services to-morrow. A large number of flowers and quantities of fruits, vegetables and grains have been tastefully arranged on the pulpit and choir platform. The pastor will preach appropriate sermons morning and evening. In the afternoon a programme of songs and recitations will be rendered by the children of the Sabbath school.

Quite a number availed themselves of the special facilities afforded by the V. & S. railway to visit the Saanich fair today. With the favorable weather the show should be even better than any of its predecessors.

In the provincial police court yesterday afternoon, Hugh M. Williams, third mate of the ship Alexander Black, was fined \$20 or one month, for cruelty to the apprentice, Alfred Steele, on the high seas. The first mate was also charged, but as he is serving a three-month sentence already for assault, the charge against him was withdrawn. Magistrate Hall gave the accused a severe lecture.

Harvey Combe, collector of votes, will hold a court of revision on Monday, November 4th, at 10 a.m., for the purpose of hearing objections against the retention of any names on the register of voters for Victoria city and Esquimalt electoral district. Those who wish to have any changes or additions made to the lists must file them two weeks before the sitting of the court with the collector.

Court Northern Light, A. O. F., at their last regular meeting initiated two candidates, and elected delegates to represent the court at Columbia district meeting to be held at Nanaimo, October 17th. At the close of the meeting a singing contest was held, which was thoroughly enjoyed by those present. Next meeting, being quarterly meeting, a social time will be held at the close of the session.

T. N. Hibben & Co. have issued another handsome souvenir booklet similar in style and form to that of Victoria views, which was placed on sale a short time ago. The present one is a Royal souvenir, and is issued in connection with the visit of the Duke and Duchess of Cornwall and York. It contains photos of the King and Queen, of Her Majesty, of the Duke and Duchess, and of their son Prince Edward, thus embracing the four generations.

A woman was fined \$50 or three months' imprisonment in the police court this morning for keeping a bawdy house. She paid her fine. Lee Harold, an erstwhile seaman, was fined \$50 or a default three months' imprisonment, for being an habitual frequenter of a bawdy house. He was summoned several days ago in company with two other similar characters, but not appearing, warrants were issued. The other two left the city, but he remained in hiding, being located yesterday afternoon.

Formal notices of motion have been posted on the city hall bulletin board, providing for the destruction of a number of shacks condemned by the building and sanitary inspectors. A conference was held with owners and agents of the structures by the board of aldermen to hear reasons why the shacks should not be destroyed. These are the building on Broad street adjoining the K. of P. hall, the double house, on Pandora between Broad and Government, Nos. 41, 43 and 45 on Douglas street, near Fort, and No. 3 Marion street.

A mother's club has been organized in connection with the primary division of the Victoria school. The object is to stimulate interest on the part of the parents in the work of their children in the school, and the organizer is Miss Winter, the teacher of the primary grade. A meeting was held on Wednesday last, when Mrs. G. J. Jones was elected president and Miss Winter, secretary. Meetings will be held on Thursdays, every fortnight, when the following subjects will be discussed: Relation of home to school; punishment of children; children's lies; formation of habits; foods and their nutritive values; hygiene in the home and school; kindergarten aims and goals. This is certainly a happy idea, and will undoubtedly link the home and the school closer together.

This morning the fleet of warships stationed at Esquimalt left for Vancouver for the purpose of meeting the Duke and Duchess of Cornwall and York at Vancouver. The flagship Warrior, and the Amphion will leave on the return for this city on Monday evening, while the Phaeton and Condor will remain and accompany the Empress with their Royal Highnesses on board to Victoria. When arriving at the outer wharf where the Royal party will land, all the vessels, including the flagship Amphion, Phaeton, Condor and Empress will "lay to" off Dallas road, and will, on the evenings of Tuesday and Wednesday, be completely illuminated. The lighting up of these large vessels will be one of the features of the celebration, and many will be attracted to the Dallas road on the evenings in question to see a sight which it would be hard to equal in beauty.

Major Nanton, R. E., son-in-law of His Honor the Lieutenant Governor, and Capt. H. G. Joly de Lotbiniere, R. E., son of Sir Henri, are among those mentioned by Lord Roberts for special and meritorious services in South Africa.

The two latest compositions of G. J. Burnett, organist of St. Andrew's Presbyterian church, of this city, are a concert organ number and a sacred song to the favorite words of "Sun of My Soul." The latter will be sung at the evening service of St. Andrew's next Sunday.

Capt. G. E. Banes, R. M. A., for six years with that body at Work Point, has been selected for the adjutancy of Forfar and Kinrossshire Artillery at Montrose. He has been recently on the staff in South Africa as railway staff officer. Capt. Banes is a son-in-law of Capt. Barkley, R. N., of Duncairn.

Workmen are busily engaged in decorating the city hall. The corporation coat of arms is displayed over the front entrance, appropriately surmounted, while the building in general will be decorated with red, white and blue bunting. The decoration operations in other parts of the city is being rapidly prosecuted, workmen being engaged in stringing the bunting across Yates street.

Ald. Yates has given notice that at the next meeting of the council he will ask leave to introduce a by-law to authorize the construction of a new street from Government to Belleville street, and to expropriate certain necessary lands, also a by-law to extend Douglas street to the new street to be constructed from Government to Belleville, and to expropriate certain necessary land.

The work of the Aberdeen Association will be resumed on Monday, October 7th, in the society's room at the market hall, where contributions of literature will be thankfully accepted. At the yearly meeting Mrs. Turner sent in her resignation as president, and the following officers were elected: Mrs. Carmichael, president; Mrs. McGill, vice-president; Miss Finlayson, treasurer; Miss L. Angus, secretary. Members: Mrs. Barham, Mrs. Solly, Mrs. Richard Jones, Miss Renny, Miss Macdonald, Miss E. Dupont and Miss Devereux.

An accident occurred on Esquimalt road on Thursday night in which a blue-jacket named Sprague received serious injuries. He was lying asleep beside the car track near Admiral's road crossing, and was struck by the guard rail of the car. The motorist noticed the dark object just as he was about to strike it, and promptly applied the brakes, and brought the car to a standstill. The man was struck on the side of the head, and was removed to the naval hospital, where it was at first doubtful if he would recover. He has, however, improved since, and there is a prospect of his recovery.

No blame is attached to the motorist, as the spot where Sprague was lying is very dark, being shadowed by high trees.

"Perkins," said Colonel Hankbunder, "you have named a new brand of whiskey after me, have you not, sub?"

"I have taken that liberty, colonel," answered the distiller.

"Well, sub," rejoined the colonel, "I shall have to ask you to call it something else. I have tried it, sub."—Atlanta Constitution.

Expedition Starts Out in Mid-January

on the Coast.

R. E. Peake, of Clark, Forde & Taylor, of London, which firm has charge of the laying of the new Pacific cable, arrived in the city yesterday on a brief visit, and will be leaving for England to-night. He has completed a southern tour in connection with the gigantic undertaking which his firm are about to carry out, and in an interview given a Times representative this morning stated that the landing stations have been all selected, the survey made, and plans well advanced for the laying of the great wire connecting Canada with Australia.

The stations have been selected since his last visit to this city, when, it will be remembered, he went down the West Coast on the D. G. S. Quadra, obtained soundings of the approach to the Island, and selected a block of land situated between Bamfield and Granville creeks for the landing station—a point eminently suited for the purpose because of the character of the shore line and its immunity from the ocean swell. Here sufficient land, as has previously been stated, is being cleared for the erection of the necessary buildings for telegraph and cable stations.

Mr. Peake says that there will be two connections with the station on the coast, one by the land route by way of Cape Beale, via Victoria to the Mainland, and the other along the east bank of the Alberni canal to Alberni, and thence to the coast.

The first expedition will set out in mid-January, 1902, and to this party will be delegated the work of laying three sections of the line from Fiji to Norfolk, thence to New Zealand, and from there to Queensland. The second expedition is to leave Vancouver Island for the Panning Island and complete its labor at the Fiji Islands. The contract for laying this cable calls for the completion of the entire undertaking by the end of next year, so that it will be seen

From the way the mothers come here for their boys' clothes, means that both price and quality must be all right. Never in our history have so many suits been sold so early in the season.

One woman says: "My boys insist on buying where Papa buys." The clothing of boys is, as a rule, the hardest part of a retailer's business. He's got to suit both boy and mother, and patch up the difference between them, as they seldom agree on clothes.

One lively, ambitious boy will do more to convince you of the wisdom of buying good, sturdy, wear-resisting clothing than a whole column of text. We get the right kind; the kind the mother and boy can agree upon, at

## THE ROUTE OF THE ROYAL PROCESSION

### FINAL DETAILS HAVE BEEN PROMULGATED

#### Double Force of Mounted Police Coming to Soldiers to Line Streets Together With Police.

The final arrangements for the Royal visit were perfected at a meeting of the reception committee last evening. His Honor the Lieutenant-Governor and his ministers will attend at the outer wharf and receive the Royal visitors at 9.30 on the morning of the 1st. Immediately on the approach of the Empress and her consort a Royal salute of 21 guns will be fired from the new battery recently installed at Work Point barracks. As the salute is concluded it will be taken up by the warships, who will also fire a Royal salute. At the wharf a guard of honor, consisting of men of the Royal Garrison Artillery, will pay the prescribed compliment to the visitors as they embark. They will also follow the Royal procession through the streets.

Sir Henry and the ministers having been presented, the procession will proceed via Erie St., Lawrence, Kingston, Montreal, Quebec, John and Belleville streets, to the parliament buildings, where a guard will be mounted by the Fifth Regiment, C. A. Arriving at the buildings the Royal visitors will be received by His Worship the Mayor and aldermen, who will welcome them and conduct them to a platform in front of the main entrance, when the addresses of welcome will be presented. The steps will be reserved for the reception committee, clergymen and their wives.

After the Duke has replied to the addresses medals will be presented to the South African volunteers who will parade as outlined in these columns a few evenings ago. They will parade at the drill hall preparatory to marching to the buildings at 9.15.

The medals having been presented, the school children, who will occupy the interval between the platform and steps, will be reviewed by His Royal Highness, and will sing a verse each of "The Maple Leaf Forever" and the National Anthem. The procession will then reform and move through the city by Government, Yates, Blanchard, Fort, Broad, Yates, Government, Store street and Esquimalt road to the naval town, where luncheon will be partaken of by the Royal party with Rear-Admiral Bickford on board H. M. S. Warspite.

Returning from Esquimalt the party will land at Foster's pier and proceed by way of Esquimalt road, Point Ellice bridge, Store, Cormorant, Douglas and Yates streets and Cadboro Bay to the grounds.

At 4 o'clock the provincial exhibition will be opened by their Royal Highnesses, the guard being furnished by the Royal Horse Artillery, and at 9 o'clock in the evening the reception will be held at the parliament buildings, the Fifth Regiment again furnishing the guard.

For the Governor's dinner on the 2nd, the Royal Engineers will furnish the guard, the Fifth Regiment the guard at Oak Bay, and the Royal Horse Artillery the guard on the wharf as the party leave.

## SOMENOS.

The remains of the late Mrs. Kier were laid at rest on Thursday. Deceased was born in Liverpool, England, 88 years ago, married at 18, and settled at Smith's Falls, Ontario, where she reared a family of six sons and four daughters, some of whom have already joined the great majority. She, with her husband and family, settled here in '62. Mr. Kier died in '81, having held the office of postmaster for some years, and was succeeded in that position by his widow, who continued to superintend the business of the office almost to the last.

## GRAND FORKS.

John Schneider, a prisoner at the city jail, committed suicide yesterday by opening the arteries in his wrist and neck by means of a piece of broken glass. He recently finished serving a six months' term for attempting to shoot Fay Alright, who lived in Phoenix. The woman has resided here for some time past and Schneider followed her. He vainly sought her, terrifying the women of the tenderfoot by brandishing two revolvers. On Wednesday he was given another six months' term, and Thursday at midnight attempted suicide by taking poison in his cell. A physician saved his life. How he got the poison is a mystery. His second attempt was more successful. Schneider was a prospector forty years old. His brother resides at Lewiston, Montana. An inquest will be held.

## NEW WESTMINSTER.

The Presbytery of Westminster met on Wednesday in St. Andrew's church.

A call from Fairview and Central Park to Rev. J. Knox Wright of Chilliwack was taken up. Mr. McSwain, on behalf of the congregation of Chilliwack, presented a document consenting to Mr. Wright's translation in view of the fact that he (Mr. Wright) had intimated to them his intention of accepting the call. Arrangements were then made for Mr. Wright's induction into Fairview and Central Park.

A call from Ladners to the Rev. Thos. Oswald was presented to the Presbytery by Rev. John A. Logan and supported by a delegation from that congregation. The call, which was unanimous and hearty, was sustained and transmitted to Victoria Presbytery, of which Mr. Oswald is a member.

## ROSSLAND.

The temperance and religious organizations of Rossland are united on the point of reforms in the method of administering the saloon regulations in the city, and appear to be determined to force the matter to an issue at the next municipal election. At a meeting of the Independent Order of Good Templars, the Baptist Young People's Union, the Christian Endeavor of the Presbyterian church and the Epworth League Society of the Methodist church, plans for promoting the campaign were taken up. A resolution was placed before the meeting and unanimously carried, in which it was resolved to petition the city council for a plebiscite on the question of saloon closing at the approaching municipal election. It was indicated that the petition that the consensus of opinion in the meeting was that a majority of the citizens was in favor of restricting the hours during which saloons should remain open, but that if it were shown as the result of the plebiscite that this belief was not founded on facts, the parties interested in securing the plebiscite were quite willing to bow to the will of the majority.

## VANCOUVER.

The following is the official programme of the Royal visit in brief: The Royal train will arrive on Monday at 11:45. Royal salute from warship; presentation of bouquet by daughter of the mayor; carriages taken to the court house, where civic address will be presented at noon; Women's Council will make presentation of British Columbia views. The Royal procession will then pass through the city to the drill hall, arriving at 12:30. The drill hall will be formally opened by His Royal Highness, the Royal party being received by Col. Worsnop and officers of the Duke of Cornwall's Own. At 12:45 His Royal Highness will present the medals to the South African troops. At 1 the Royal party will lunch at the drill hall. The guests will be strictly limited. The members of the suite, vice-regal staff, aidmen and officers of local militia will dine in the adjoining room. At 3 the Royal party will visit the Hastings mill. At 3:15 they will drive through the park and review the children's drill at Brockton Point, when the Duchess will present a flag to the best drilled company. The drive will then be continued to the Canadian Pacific railway wharf, where the Royal party will embark on board the T. M. S. Empress of India. On Tuesday at 5 a.m. the Royal party will leave Vancouver for Victoria.

## GROWING GIRLS

OCCASIONALLY REQUIRE A TONIC MEDICINE.

It Will Keep the Blood Rich, Red and Pure, Strengthen the Nerves and Prevent Decline.

Mrs. Hiram Rinkler, the wife of a respected farmer in South Pelham township, Welland county, Ontario, says: "It is with great pleasure that I give this tribute to the health restoring virtues of Dr. Williams' Pink Pills. When my daughter, Lena, (now thirteen years of age) began the use of your medicine, a little over a year ago, she was in a most wretched condition. In fact we were seriously alarmed lest she might not recover. The first symptoms were a feeling of languor and weakness, gradually growing worse. She became pale, lost flesh, had little or no appetite, and was apparently going into a decline. Finally the trouble became complicated with a persistent sore throat, which gave her great difficulty in swallowing. I gave her several advertised medicines, but they did not benefit her. Then she was placed under the care of a doctor, who said her blood was poor and watery, and her whole system badly run down. The doctor's treatment did not help her any, and then acting on the advice of a neighbor, I began to give her Dr. Williams' Pink Pills. The confidence with which this medicine was urged upon us was not misplaced, as I soon noticed a distinct improvement in my daughter's condition. The use of the pills for a few weeks longer seemed to completely restore her, and from that time she has been a cheerful, light-hearted girl, the very picture of health. I will always regard this medicine as the cause of her other sufferings, feeling sure they will prove quite as efficacious as they did in my daughter's case."

Mothers with growing daughters will make no mistake if they insist upon the occasional use of Dr. Williams' Pink Pills; they will help them to develop properly, will make their blood rich and pure, and thus ward off disease and decline. The genuine pills are sold only in boxes bearing the full name, "Dr. Williams' Pink Pills for Pale People" on the wrapper around each box. None other is genuine, no matter what some self-interested dealer may say. If in doubt send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and the pills will be mailed post paid at 50 cents a box, or six boxes for \$2.50.

## HEARING COMPLETELY RESTORED.

Catarra Caused the Deafness, but Japanese Catarra Cure Cured the Catarra, Allayed All Inflammation and Restored the Hearing After Physicians in Toronto and Winnipeg Failed.

Mr. D. N. Spencer, 111 Columbia ave., Toronto, writes: "For over twelve years I have suffered from catarra, which, in spite of doctoring with specialists in Toronto and Winnipeg, became worse, until finally my hearing became much affected. About a year ago I procured a sample of Japanese Catarra Cure, afterwards used in all four bottles; since I have been completely free from catarra, and my hearing has altogether returned. I can cheerfully and conscientiously recommend it." All drug lists, 50 cents. Write for book on Catarra and Deafness, free. Griffiths & Macpherson Co., Limited, 121 Church street, Toronto.

## Mining News

North Thompson, Dredging.

The new North Thompson river gold dredger in a fraction over four days actual gold dredging operations secured 32 ounces of gold, which, valued at \$17 per ounce, gives a return of \$544.

The running expenses of the dredger are estimated at \$40 per day, so that the cost of securing these 32 ounces of gold was a fraction over \$100, leaving a nice little profit of something in the neighborhood of \$444.

This is a very satisfactory return and indicates that gold dredging on the North Thompson is going to be a money making business. The proprietors of the dredger have the best wishes of the citizens of Kamloops in their venture. They have shown a great deal of pluck and enterprise in this undertaking, and the bigger the returns are the better pleased everyone will be. It is almost certain now that another dredger will be in course of construction before long for operation on the North Thompson. There is room for a dozen, and it is to be hoped that a full dozen will, in course of time, be digging big pay for their respective operators.—Inland Sentinel.

The Granby Smelter.

There will be no halting stages in the development of the mining and smelting operations of the Granby company. The enlargement of the present plant from a capacity of 650 to 1,200 tons a day will be completed within six weeks.

Since the arrival at Grand Forks of the president, C. H. Miner, it has been decided to continue the enlargement immediately in order to bring the capacity up to 2,000 tons daily. The additional furnace will be ordered at once, but as their construction will occupy three or four months, the plant will not be up to its maximum capacity before next spring. A converter is also being installed in connection with the enlargement now in progress.

The construction of an independent smelter on an adjoining site for the City of Paris and other mines which are to be consolidated into a separate corporation, will also likely be undertaken next summer.

## HIS TROUBLES ENDED

Toronto Man Happy Through the Aid of Dodd's Dyspepsia Tablets.

William Carveth, of 170 George street, Toronto, is a happy man. He is a healthy man which is but another way of saying the same thing.

On a man with a perfect digestion and enough to eat, trouble sits lightly. His appetite is good, he relishes his food, and the pure, bounding blood of well digested nourishment that feeds his muscles and nerves, keeps him in a natural state of buoyancy and good spirits. Happy is the man with a good digestion.

On the other hand miserable indeed is the lot of the sufferer from Dyspepsia. He looks at everything with a gloomy, glassed. Life is dark, gloomy, unhappy. Not only is he actually in wretched health, but his mind is affected. He becomes morbid, nervous, sour, irritable, unable to find pleasure in anything, a dissatisfaction to himself and his friends. To such people this remedy is well indicated—use Dodd's Dyspepsia Tablets. Dodd's Dyspepsia Tablets do away with all troubles of digestion. They attend to the duty of digesting the food themselves, thus saving the stomach which is thus enabled to rest and get well. Dodd's Dyspepsia Tablets have proved successful wherever introduced, and they are now known all over the world. Here is a letter from Toronto, the place where Dodd's Dyspepsia Tablets were first put on the market, and where they have for years been almost universally used.

"I have been troubled for years," writes William Carveth, 170 George street, Toronto, "with Dyspepsia and Headache. I could get nothing to help me. I was told of Dodd's Dyspepsia Tablets by a friend, who persuaded me to try them. I have since used two boxes and I am now perfectly healthy and never feel anything of the disease coming back."

## NO CURE---NO PAY.

Dr. McLaughlin's Electric Belt is Sold on This Basis to Men and Women Everywhere. Not a Cent to be Paid Until the Cure is Complete.

The Dr. McLaughlin Electric Belt is the only remedy in the world which can be sold on such a plan. It is the only never-failing cure for Rheumatism, Lame Back, Nervousness, General Debility, Loss of Power in Young, Middle-aged and Old Men, Varicose, Weak Back and Kidneys, Drains of Vitality, Wasted Energy, Sleeplessness, Pains in Head, Back, Chest, Shoulders and Limbs, Female Weakness, Bearing-down Pains and all those ailments from which women suffer.

I don't see how any one can doubt the value of electricity as a builder-of-vitality when they stop just a minute and think of what it is doing in other lines. It's a motive power, that's settled. I claim that it will run the human body if applied right, and I prove my claim by showing 50,000 cures made during my twenty years of experience.

I apply it right, so my patients say, and they ought to know, as I've cured them. Any man or woman who will secure me can have my appliance and

and then the price will be much less than is asked for the old-style belts. I guarantee my belt to give a stronger current than any other body appliance.

**CAUTION.** Beware of old style, burning electrode Belts, which are using an imitation of my cushion electrodes. My office contains hundreds of these old belts, discarded as useless and dangerous by persons whose bodies had been seared and scarred by the bare metal electrodes. I will make special terms to anyone having one of these old back-burners.
